

Hi! I am

and I once sailed the seas

with the Liburnians, masters of the Adriatic

Libri

On board a mighty Liburnian galley, we searched for a place that would become our home. One stormy evening, our galley sank below the waves, and I ended up in the sea.

I woke up on a beautiful beach, where I met my first friends! We had a great time, and I knew I wanted to stay here forever!

Over time, I have enjoyed many adventures here...

...I rode in a carriage... I danced under a palm tree with a famous ballerina...I swam with dolphins...

And most of all,
I love eating figs,
my favourite fruit!
