NATURE'S GIFTS REVIVAL

Ovaj tretman nudi vrhunski doživljaj Mediterana kroz spoj dva darovita sastojka prirode - maslinovog ulja i bosiljka. Dizajniran kako bi Vaša koža dobila najbolje što Mediteran ima za ponuditi.

Maslinovo ulje, koje je ključni sastojak tretmana, bogato je vitaminima, mineralima, antioksidansima i prirodnim masnim kiselinama. Djeluje kao izvrstan borac protiv starenja kože, smanjuje upalu, potiče obnavljanje stanica kože i stvara kolagen, što će rezultirati glatkom i sjajnom kožom.

U kombinaciji s maslinovim uljem, bosiljak djeluje kao prirodni antiseptik i ima antibakterijska svojstva. Miris bosiljka u tretmanu pomaže u smanjenju stresa i anksioznosti, dok nježni masažni pokreti tijekom pilinga kože oslobađaju napetost i donose osjećaj vitalnosti.

Nakon nježne masaže maslinovim uljem, slijedi piling kože koji uklanja mrtve stanice i potiče obnovu kože. Piling se radi uz dodatak svježe mljevenog bosiljka, što dodatno pojačava njegujući učinak. Nježni masažni pokreti pilinga, uz miris bosiljka, pomažu u opuštanju i smanjenju stresa. Dok piling djeluje, klijentu se nježno masira vlasiste, što dodatno pojačava osjećaj opuštenosti i vitalnosti.

This treatment offers the ultimate Mediterranean experience through the combination of two brilliant natural ingredients – olive oil and basil. Designed to give your skin the best the Mediterranean has to offer.

Olive oil, which is the key ingredient of the treatment, is rich in vitamins, minerals, antioxidants and natural fatty acids. It is an excellent fighter against skin aging, it reduces inflammation, stimulates the renewal of skin cells and creates collagen, which will result in smooth and shiny skin.

In combination with olive oil, basil acts as a natural antiseptic and has antibacterial properties. The smell of basil in the treatment helps to reduce stress and anxiety, while gentle massage movements during skin scrub relieve tension and bring a feeling of vitality.

Gentle massage with olive oil is followed by skin scrub that removes dead cells and stimulates skin renewal. Exfoliation is done with the addition of freshly ground basil, which further enhances the nourishing effect. The gentle massaging movements during exfoliation, along with the smell of basil, help to relax and reduce stress. As the scrub is left to take effect, the client's scalp is gently massaged, which further enhances the feeling of relaxation and vitality.

OPI

Profesionalni brend za njegu noktiju prisutan je na tržištu još od davnog 1981. godine. Brend koji prepoznaje potrebu svakog klijenta nudi kvalitetu i besprijeckorne tretmane. Najveći suvremeni trend u manikuri i pedikuri je trajni lak, a naš wellness centar u svojoj ponudi ima najkvalitetniji profesionalni svjetski brand, OPI Gelcolor.

OPI Gelcolor trajni je lak iznimno prirodnog izgleda, čvrstoće i visokog sjaja. Poseban je po tome što nakon nanošenja ostaje na noktima i više od 14 dana. Tijekom tog vremena nokti ne mijenjaju oblik ni sjaj, a boja ostaje postojana kao prvoga dana.

This professional nail care brand has been on the market since 1981. Recognising the needs of each individual client, the brand offers impeccable high-quality treatments. The major trend in manicure and pedicure today is permanent nail polish: our wellness centre offers the world's leading professional brand, OPI Gelcolor. OPI Gelcolor is a permanent nail polish with an extremely natural look, strength and high gloss. It is special in that it remains on the nails for more than 14 days after application. During this time, the nails do not change their shape or shine, and the colour remains as stable as on the first day.

OPI TRAJNI LAKOVI

Postojanost trajnog laka je individualna i ovisi isključivo o brzini rasta noktiju. Bitno je naglasiti da se prilikom lakiranja i skidanja trajnog laka prirodni nokat ne istanjuje već trajni lak služi kao zaštita za nokat. Nokat ispod trajnog laka ostaje zaštićen od mehaničkih i kemijskih oštećenja te s vremenom postaje čvršći i otporniji. Trajnim lakovom je također moguće sprječiti neugodno listanje i pucanje noktiju. Skida se vrlo jednostavno i niježno te se nakon manikure ponovno nanosi željena boja. Naš wellness centar u ponudi ima velik broj trajnih lakovih te svatko može pronaći idealnu boju za sebe.

OPI PERMANENT NAIL POLISH

The durability of permanent nail polish varies according to the individual and depends solely on nail growth rate. It is important to point out that applying or removing permanent nail polish does not thin the nail. On the contrary, permanent nail polish protects nails, since they remain protected from mechanical and chemical damage and become firmer and more resistant over time. Permanent nail polish can also prevent unpleasant peeling and breaking of nails. It is removed easily and gently, and the desired colour can be reapplied after a manicure. Our wellness centre offers a wide range of permanent nail polishes, which means everyone can find their favourite.
