Lovran is the city of Laurel – it was named after laurel, *laurus nobilis*. The woods of laurel are famous for their lush green vegetation and beauty, and laurel has always had a special meaning. It has crowned the emperors and winners of sports competitions, and was used by the people as a medicine and spice that gives special aroma to traditional dishes.

The tree is a symbol of life, growth, vitality, and activity in Feng Shui. Its energy is connected to the eastern side of the world and the awakening of a new day. The energy of the wood is absorbed by your home in the morning and it remains until it is recharged the next day.

In the treatments we offer, we combine the specifics of the medicinal plants and climate of this area with the natural products of exceptional quality.

Dive into the peaceful world of wellness and feel the benefits of the medicinal ingredients of laurel and olives, the indigenous plants whose beneficial effects on the human body have been known since ancient times, and other selected ingredients of our special treatments and rituals.
