Five Elements

The Five Elements Wellness & Spa brand is a unique concept that combines the ancient Chinese Feng Shui philosophy and modern wellness programmes.

The Hotel Marina wellness centre is dedicated to the element of earth that symbolises the nourishing substance from which all living things emerge and to which they eventually return. By synergising spiritual and physical elements – through a unique ambience and a specific approach – we help you discover a newer, deeper sense of your body's well-being and health.

The area of 800 square metres includes pool facilities, a spa relax zone, fitness centre with TechnoGym equipment, and a beauty and massage centre. The large indoor pool with heated seawater and a view of the surrounding nature is connected to the spa relax zone, which features various saunas, a whirlpool, massage showers and a relaxation area. The interior of the rooms for massages and other treatments, as well as of the entire wellness centre, has a modern design. A special feature of this concept is the selection of top-quality cosmetic products by renowned international brands, which completes the offer of the exclusive Five Elements Wellness & Spa centres of the Remisens Hotels.
